

# REMOTE PRODUCTION WORKFLOWS

October 28-29

## Day 2 - Thursday, October 29

### AGENDA (All Times Eastern)

#### 2:00 - 2:05 p.m. **OPENING REMARKS**

presented by **SONY**

#### 2:05 - 2:35 p.m. **KEYNOTE CONVERSATION:**

##### **Star India Remote Production Workflows for IPL Cricket**

The India Premier League (cricket) is the most popular league in India. So when it decided to move its 2020 season to the United Arab Emirates it required Star India to figure out new workflows to produce their coverage. Executives from Star India join us via a very long distance zoom call to discuss their new workflows, the challenges, and some of the key enabling technologies.

##### **MODERATOR:**

**Ken Kerschbaumer**, SVG, Executive Director, Editorial

##### **SPEAKERS:**

**Sanjog Gupta**, Star Sports Network, Head

**Prashant Khanna**, Star Sports Network, VP,  
Broadcast Technology and Operations

#### 2:35 - 3:20 p.m. **REMOTE PRODUCTION:**

##### **The Connectivity Challenge**

With more and more productions being produced from more and more different places there is an increased challenge on broadcast-quality contribution links. What are the best options to ensure talent and production personnel working from home or in different control rooms can be connected properly?

##### **MODERATOR:**

**Ken Kerschbaumer**, SVG, Executive Director, Editorial

##### **PANELISTS:**

**Eric Bolten**, Zixi, VP of Business Development

**Steve McKenna**, Studio Network Solutions, Director of Sales

**Dan Pisarski**, LiveU, VP of Technology

#### 3:20 - 4:15 p.m. **EXPANDED TECH FOCUS:**

##### **Inside The One-Stop Shop Remote Services Providers**

More and more companies are offering remote production clients a "one-stop" shopping experience that includes decentralized studio operations, a control room, transmission services, and more. Leaders in the field discuss their product and service offerings, their capabilities, and their key technology partners.

##### **MODERATOR:**

**Ken Kerschbaumer**, SVG, Executive Director, Editorial

##### **PANELISTS:**

**Michael Harabin**, Gravity Media - USA, President

**Josh Liemer**, VISTA Worldlink, President

**Robert Szabó-Rowe**, The Switch, SVP, Engineering and Product Management
